Bright P-12 College Newsletter

Yr 7 ART

This term, Year 7 Visual Art students embraced the freedom of creative choice in their acrylic paintings on canvas. Their artworks reflect a wide range of styles and ideas, highlighting their individual strengths in design, colour blending, and brush technique. Well done to all students for their impressive finished paintings. See page 5 for more photos.

LIBRARY TIME

Students in 1/2H spent time in the school library with their teacher, as they do every week. They sought advice from our librarian about books to borrow over the school holidays. Thanks to parent contributions, we have a large range of new books to choose from.

Principal's Message

Dear students, parents and carers,

A huge thank you to our Parents and Friends Committee for their outstanding efforts with the Father's Day Stall. The event raised more than \$1,800, which will go directly towards supporting improvements to College facilities. We greatly appreciate the time, energy and enthusiasm of everyone involved. Thank you also to Luke, Tabatha and the team at Sixpence Coffee for producing another edition of our Bright P-12 College Coffee Blend. This year's coffee packaging featured some fantastic artwork created by Hazel P in Year 4, making it a particularly special College collaboration. Thank you to everyone who supported this initiative.

As we come to the end of Term 3, I would like to thank our students, staff and families for another terrific term at Bright P-12 College.

I am proud to work at Bright P-12 College for many reasons. Being part of a P-12 school in a regional community, where we have the privilege of caring for, teaching and guiding the young people of our town and surrounding region, is something very special.

Our College values of Respect, Effort and Collaboration are central to the work we do each day. They extend well beyond the classroom and contribute to the development of our students as learners, friends, teammates and members of our wider community. We want our students to carry these values with them both within and beyond the College gates.

E-Scooter & E-Bike Reminder

We are asking parents and carers to please have a conversation with young people who ride e-bikes or e-scooters around Bright about both safety and the legal requirements that apply. In Victoria, e-scooter riders must be 16 years or older, must wear an approved helmet, cannot exceed 20 km/h, cannot ride on footpaths and can only ride on roads with speed limits of 60 km/h or less or on approved bike/shared paths. E-bikes must also meet Victorian legal requirements, including limits on motor power and assistance, and riders must follow bicycle road rules, including wearing a helmet. Modified

or high-powered e-bikes and e-scooters that exceed the legal specifications may be considered unregistered motor vehicles and cannot legally be ridden on public roads or paths.

We also remind students that being able to ride somewhere does not automatically mean they have permission to do so. Caravan parks, accommodation properties and other businesses are private property, and students should not use these areas as shortcuts or ride through them unless they have the permission of the property owner or operator. We encourage families to reinforce safe speeds, helmets, awareness of pedestrians and vehicles, respectful riding and choosing appropriate routes around town. These conversations will help keep our young people and the wider Bright community safe.

<https://transport.vic.gov.au/road-and-active-transport/active-transport/e-scooter-road-rules>

<https://transport.vic.gov.au/road-and-active-transport/active-transport/bicycles/electric-bikes>

As we head into the school holidays, I wish all of our students, staff and families a safe, relaxing and enjoyable two weeks. I hope everyone has the opportunity to recharge and spend time with family and friends before we return ready for a positive and productive final term of the year.

Term 4 begins on Monday 5th October, and we look forward to welcoming everyone back and finishing the 2026 school year strongly together.

Mathew Gray - Acting Principal

COLLEGE CALENDAR

**All calendar events are subject to change.
Please check Compass for most up-to-date calendar.**

SEPTEMBER

14-18 SEP	Unit 3/4 VCE formal practice exams
17 SEP	Yr 9/10 Interschools Sport (basketball & table tennis), Albury
18 SEP	Last day Term 3 - 2:30pm finish
25 SEP-26 OCT	German study tour

OCTOBER

5 OCT	First day of Term 4
--------------	----------------------------

NEXT STUDENT FREE DAY: Friday 4th December

VCE VM WORK PLACEMENT REFLECTION

Hi, my name is Charlie A. I am in Year 11, undertaking VCE VM while completing a School-Based Apprenticeship in butchery at Alpine Gourmet Meats in Bright. As part of my VCE VM program, I also work two days a week, gaining valuable hands-on experience in the meat industry.

In my role, I break down whole lambs into individual cuts. This involves separating the carcass into primary sections such as legs, shoulders, loins, and ribs, before trimming and portioning them correctly. This process requires attention to detail, consistency, and strong knife skills to ensure each cut is prepared to a high standard.

I also carry out pickling and curing processes with beef, pork, and lamb. This involves preparing and using brines and curing mixtures to ensure the meat is ready for further processing. It is important to follow recipes accurately and maintain high standards of hygiene and food safety throughout the process.

Another key responsibility is sausage making. I help prepare and mince the meat, mix in seasonings, and fill the casings. I also assist in ensuring the sausages are consistent in quality, flavour and appearance.

Each of these tasks requires accuracy, hygiene and consistency. Through my apprenticeship, I have developed practical butchery skills and a strong work ethic. Being an apprentice has made me more confident and responsible. Working two days a week while attending school for three days has given me a great balance between learning in the classroom and gaining real workplace experience, helping prepare me for my future career.

ALUMNI

Lachlan Hore graduated as Dux from Bright P-12 College in 2021. He was included in the Faculty of Engineering Dean's Honour List 2024 at Monash University. He also recently received news that he has been successful in securing an internship with Boeing for 2026-2027. Lachie was selected as one of just a dozen successful applicants from a field of more than 1,000. Congratulations, Lachie!

We asked him some questions.

Q. What have you been doing since leaving school?

A. In 2022, I took a year off study and focused on work and other life pursuits after school. Since then, I have been studying a bachelor of engineering (Honours) with a minor in Artificial Intelligence Engineering at Monash University. I am currently nearing the end of my 4th year of study.

Q. Can you explain a bit about the Monash Honour List and what it means to you?

A. The Monash engineering Dean's Honour List is a list of students that achieve a weighted average mark of over 80% across their core subjects in the previous academic year. I was happy about making this list as I enjoy pushing myself academically and want to prioritise getting the best possible skills/education that I can get.

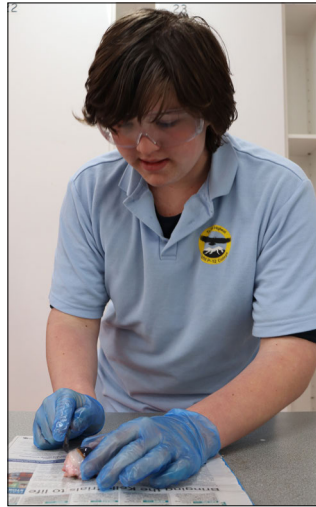

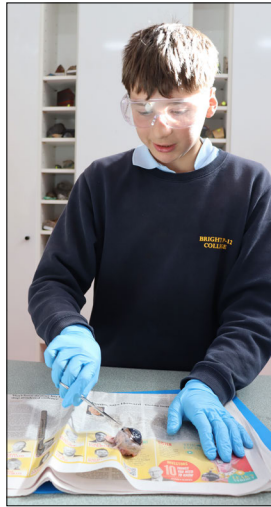

Q. Tell us about the Boeing internship

A. It's a summer internship for various engineering disciplines to get experience working in the aerospace industry. The internships are a bit like a 3 month interview. If they're happy with my work, there's potential for this to lead into a role at Boeing.

Yr 8 SCIENCE

Year 8 students have started a new topic of work on light, how light moves and how we see. Students investigated how the mammalian (bovine (cow)) eye works and looking at the similarities between this eye and the human eye. They removed the cornea and iris and also removed the lens and explored how this lens magnifies images.

SCIENCE SLAM EXCURSION

Earlier this month, 19 students participated in the Science Slam excursion at the Wangaratta Regional Study Centre. Science Slam 2026 is a fun competition covering different fields of science. Students worked in teams with participants from Bright P-12 College and Galen Catholic College. They rotated through activities, including cyber security, robotics, botany, environmental sciences, health science, agriculture and horticulture. There were prizes for the winning team and 'goodie' bags for all students. The Science Slam aim was to engage students with hands-on activities from real-world careers in different fields of science.

JAPANESE SPEECH COMPETITION

Congratulations to our students who represented Bright P-12 College at the Japanese Language Teachers' Association of Victoria (JLTAV) Junior Speech Competition in Melbourne on Sunday, 31 August.

Year 7: Erika B and Law Ya S

Year 6: Addison D and Elsie F

Year 3: Tilly G

Year 2: Lettie F

The students did a wonderful job presenting their Japanese speeches in front of an audience and should be very proud of their efforts. Participating in a speech competition takes preparation, confidence and courage, and it was fantastic to see our students representing Bright P-12 College so well.

Well done to all our participants!

Yr 7 ART ctd...

INTERSCHOOLS SNOWSPORTS CHAMPIONSHIPS

The 2026 Interschools Snowsports Championships showed up with some of the most challenging weather of winter, giving our student athletes plenty of resilience-building opportunities! Falls Creek Schools Carnival back in July gave us blizzards, the Victorian Interschools at Mount Buller in August delivered torrential rain and the National Interschools at Perisher brought gale force winds, more torrential rain and resort closures. Despite the very challenging conditions, our students delivered in big ways!

Interschools Snowsports Championships provide an opportunity for school students of all ages to experience competitive snowsports. Competitors of all ability levels are encouraged to enter with the emphasis being on fun and participation. Each year over 7,000 school students from almost 700 schools compete at Interschools Events and students compete in Divisions based on their year level at school.

What makes Bright P-12 College athletes' achievements so extraordinary is the fact that we are a small public school and competing alongside students from some of the largest and most well-resourced private schools in the state and nation.

Yet, on the snow, we more than hold our own. Every year, our students continue to compete at the highest level and achieve results that our entire school community should take pride in. Their success is a reminder that excellence is not defined by the size of a school or the resources it has available, but by the commitment, courage and determination of the individuals who represent it.

Against very challenging conditions and formidable competition, our student-athletes have proven that a small, regional public school can stand proudly among the very best.

INTERSCHOOLS SNOWSPORTS CHAMPIONSHIPS

Victorian Interschools - Mt Buller - August 16 - 23

Individual (Top 20):

Zeke T	Snowboard Slopestyle	Div 2	M	5
Zeke T	Snowboard Cross	Div 2	M	8
Elkie T	Snowboard Cross	Div 2	F	5
Evie B	Snowboard Cross	Div 3	F	5
Evie B	Snowboard GS	Div 3	F	6
Eleanor C	Moguls	Div 3	F	17
Evie B	Ski Cross	Div 3	F	12
Eleanor C	Ski Cross	Div 3	F	22
Eleanor C	Freeski Slopestyle	Div 3	F	10

Harriet R	Alpine	Div 5	F	11
Felix P	Ski Cross	Div 5	M	17
Charles B	Snowboard GS	Div 5	M	17

Team (Top 10):

Alpine, Div 3 Female - Eleanor C, Evie B, Sophie J-B	6
Ski Cross, Div 3 Female - Eleanor C, Evie B, Sophie J-B	6
Alpine, Div 5 Male - Felix P, Edward B, Charles B, Atticus S	8
Moguls, Div 5 Male - Felix P, Edward B, Bassy S	14
Ski Cross, Div 5 Female - Annabelle W, Abby S, Harriet R	10
Ski Cross, Div 5 Male - Felix P, Edward B, Charles B	2
Snowboard Cross Div 5 Male - Edward B, Charles B	9

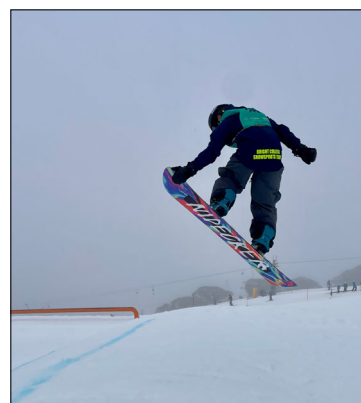

Australian Interschools - Perisher - September 1-6

Individual (Top 20):

Zeke T	Snowboard Cross	Div 2	M	5
Zeke T	Snowboard Slopestyle	Div 2	M	6
Eleanor C	Freeski Slopestyle	Div 3	F	6
Evie B	Snowboard GS	Div 3	F	13
Evie B	Snowboard Cross	Div 3	F	13
Evie B	Alpine	Div 3	F	20
Harrison H	Snowboard GS	Div 4	M	15
Edward B	Ski Cross	Div 5	M	18

Team (Top 10):

Alpine, Div 3 Female - Eleanor C, Evie B, Sophie J-B	8
Ski Cross, Div 5 Male - Felix P, Edward B, Charles B	6

Yr 11 BIOLOGY

As part of Unit 1 Biology, students designed their own experiments to investigate a factor that affects the rate of anaerobic respiration or photosynthesis:

- Jasper, Finn & Paige: How does the type of sugar affect the rate of anaerobic respiration in yeast?
- Millie H & Julian: How does the amount of yeast affect the rate of anaerobic respiration?
- Sinta: How does glucose concentration affect the rate of anaerobic respiration in yeast alginate balls?
- Ava: How does temperature affect the rate of anaerobic respiration in yeast?
- Jess: What is the effect of carbon dioxide concentration on the rate of photosynthesis in elodea?
- Sammy: How does light intensity affect the rate of photosynthesis in pondweed?
- Ruby, Maya: How does the age of a plant affect the rate of photosynthesis?
- Millie M, Wilson: How does the type of plant affect the rate of photosynthesis?

After the students carried out their experiments they presented their experiments as a scientific poster.

LIONS CLUB Yr 12 LUNCH

Last month, the Bright Lions Club treated the 2026 Year 12 cohort to a celebratory lunch. This has become an annual event since its inception in 2019. The Lions Club wanted to remind students that they are valued and respected as individuals, as part of the school community, and also the wider community. Lion Jenni spoke to the students about the importance of volunteering and community service, and wished them well for their future studies and endeavours.

Yr 9 ART

This term, our Year 9 Visual Art students have been very productive, diving into both research and hands-on creativity. Each student completed a research paper on an artist of personal interest. This research directly influenced their work, as they went on to decorate a three-dimensional object, using it as their unique canvas. They are to be congratulated on their impressive finished pieces.

VCE VM NUMERACY

VCE VM Numeracy students have been studying location and direction and learning how to use a compass. They had to complete a scavenger hunt using written directions and compass bearings to find certain locations and answer questions based on that location. Some questions involved riddles and numeracy challenges, such as this one:

Frog Jump: A frog falls into a well that is 18 feet deep. Every day the frog jumps up a total distance of 6 feet. At night, as the frog grips the slimy well walls, it slips back down by 2 feet. At this rate, how many days will it take the frog to jump to the rim of the well?

SECONDARY O&M ATHLETICS

Thursday 3rd September was the O&M Secondary Athletics day - the weather was the perfect for the event. Bright P-12 College took a team of 14 students to compete, with 7 of the 14 progressing on to the next stage to be held in Week 1 of Term 4. We wish them all luck at the Hume event.

Results

Oliver G 1st in Long Jump, Triple Jump and Shot-put. 2nd in 100m, 200m

Kirana O 1st in 100m. 2nd in Shot-put

Harper W 1st in 200m. 2nd in 200m

Ewan L 1st in 800m

Under 20 boys Relay (Oliver, Ewan, Joe & Harper) 1st

Mya B 2nd in Long Jump

Joe B 2nd in Shot-put

Jagger B 2nd in Shot-put

Yr 10 SCIENCE

Year 10 Science students have been further exploring chemical reactions. This year they have extended their knowledge to include precipitation reactions, and using these the reactions to determine how to measure the rate of a chemical reaction through the disappearing cross method. They planned and collected data for their extended investigation. They also learnt the language of Chemistry, writing formulae and balancing symbol equations.

Yr 10 OUTDOOR ED WITH Yr 12

Year 10 Outdoor Education students visited Wee Jasper for a two night caving & abseiling excursion. This trip was about building 'grit' (courage, resolve, perseverance) where students learnt to push their boundaries. It was also an assessment task for the Year 12 students, with a focus on coaching / mentoring. The challenging environment required students to push through and also to encourage their peers. Students abseiled into some of the caves, having learnt basic knot-tying skills, overcoming their fear of heights and tight spaces. They also enjoyed games involving cave exploration, including next-level hide & seek. They learnt about the geology and features of caves and how they were formed. Students camped away from the comforts of home. In small teams, they had pre-planned their meals, understanding that they only had access to basic food prep facilities. Despite, or maybe because of the challenges, this was an amazing learning experience where students had loads of fun.

MENTAL HEALTH OVER SCHOOL HOLIDAYS

As we approach the school holidays, we would like to share a helpful Victorian Government resource - Mental Health Supports for Students Over School Holidays.

<https://www.vic.gov.au/mental-health-supports-students-over-school-holidays>

The resource provides practical wellbeing tips, information about accessing support, and links to mental health services for children, young people and families. It is also available in multiple languages.

We recognise that while the holidays can be a positive time for families, changes to routine and reduced connection can be challenging for some children and young people. We encourage families to explore the resource and keep it available should additional support be needed. We wish all our students and families a safe, restful and enjoyable holiday break.

EARLY YEARS OUTREACH PROGRAM

The Early Years Outreach Program is a free service that supports families from a Culturally and Linguistically Diverse (CALD) background who live, play, work or study in the Alpine Shire.

Our CALD Early Years Officer works directly with families and local service providers to support inclusion and ongoing participation in education.

We can assist to:

- Enrol children in Kindergarten
- Connect with other early childhood supports
- Support families to transition from Kindergarten to Primary School

To find out more contact the CALD Early Years Outreach Officer:

0417 957 627 or
shannanw@alpineshire.vic.gov.au

FAMILY HUB

When schools and families speak the same language around mental health, our young people thrive.

Our Family Hub is designed to keep you in the loop, inspire everyday wellbeing practices at home, and help strengthen the connection between what your child is learning in the classroom and how you support them in life.

Click here or scan this QR code to learn more about our Family Hub.

Volunteer Coach Opportunities

This is your chance to give something back and support the education and advancement of young women across Australia

About the Scholarship

The Harding Miller Education Foundation provides educational tools and support to help lift the educational achievements and career aspirations of high school girls in Australian public schools who demonstrate academic excellence and face financial barriers.

Each scholarship is valued at \$20k over four years and includes access to a wide variety of study-skill and career enhancement tools including a laptop, data plan, tutoring funds, online homework help, pre-paid educational expense cards and support from a personal coach!

Requirements

- Valid Working with Children's Check
- 1.5 hours of initial training
- 2-3 hours/month ongoing time commitment
- Degree qualified and/or parent of child who has completed year 12
- A strong believer in the value of public education

Commitments

- Being matched to a minimum of 4 scholars
- Contact scholars monthly
- Record all interactions on the HIMEF database

Main Responsibilities

- Interacting with scholars monthly and aiming to have an actual conversation at least twice per term
- Encouraging scholars to make full use of their scholarship tools - including helping them source tutors and manage their tutoring budget
- Supporting scholars to explore experiences that enhance their education and grow their tertiary education and career aspirations
- Being interested in the scholar and their education and acting as their education advocate
- Acting as a positive adult role model in all interactions

Next Steps Email: coach@hardingmiller.org.au or call 1300 103 896

Volunteer coaching is done remotely - mainly by phone - and provides personalised support and mentoring to our scholars throughout the duration of their scholarship

Positive Parenting Telephone Service

Our free 6 to 10 week program helps you to:

- Have stronger, more positive relationships
- Set rules and limits
- Manage everyday behaviour problems

Our program is for parents, grandparents and carers of children aged 2 to 12 years.

Participants complete a workbook and are supported by weekly 30 minute phone calls with a trained parenting educator.

All of this can be done from the comfort of your own home at a time that suits you.

1800 880 660

This is a **FREE** service, and enrolments are taken all year round. Call us for more information or to enrol.
